

## **ACA Championships – 2010 Results**

We had the Club Championships on the 25th of July. This one was better attended this year than last as you can see by the results below. The weather started off a bit suspect, but cleared up towards lunchtime and remained good throughout the rest of the afternoon. There was no real wind to speak of. Some had better shoots than others, which I guess is normal, we can't all have our best shoots all the time.
