

Captains Challenge – 2010 Results

The last internal ACA shoot, The Captains Challenge, was held on the 5th of September. We'll start with the obvious, the weather, which was actually ok. Not too hot or too cold, no real wind to speak of and, of course, it cleared up just as we were about to finish. The barbeque was a nice finishing touch to a good day. Thanks to Jean for organizing the salads and rolls etc and to Lawrence for cleaning the club barbeque and supplying another, without which we would probably have been there well after it got dark.

Score wise, there were good and bad, just like any other shoot we have had. Graham 'Handicap Shredder' Baker managed to do just that, going from a 66 to a 63 and probably less in one day. Well done Graham.

There were only two archers with handicaps who only shot one National round with Nick taking the honours from Clive for the Single National Rounds title, shown in the table below. The Combined Total table below shows the eventual winners for each of the bow types in the Double National Rounds competition. The bottom two tables show the details, in alphabetic order, for each of the morning and afternoon sessions. Archers with no H/C Score do not have a current handicap.
