

Les Barrett – 2010 Results

The final Les Barrett competition was held on the 8th of August. The weather was kind, not overly hot and windy which meant that the vast majority were in touching distance of, or managed to shoot better than their handicaps. Four archers managed to get into the 1500's there by doing some serious damage to their handicaps. They are Sally, George, Bill and Lawrence, keep it up guys.

Mags has requested that we add an extra trophy for the best Recurve Lady Archer Handicap score. So this year the trophy's go to George and Sally with the best handicap scores.

The full list of results is below
